Audit Findings

Audit Narrative

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-onsite audit, onsite audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

Pathway Baldwin County, LLC is operated by Pathway Inc. which provides residential treatment for court ordered juveniles. The facility is licensed by the Alabama Department of Youth Services who conducts an annual facility audit using ACA (American Correctional Association) guidelines with a follow up 6 month review to main licensure. The facility is located in Atmore, Alabama at 23750 Ewing Farm Road in Baldwin County. The audit was conducted by Georgeanna Mayo Murphy, a U.S. Department of Justice certified PREA Auditor for juvenile facilities. The on-site audit was conducted on June 10 thru 12, 2019. The facility contacted the auditor in early January and entered into a contract conduct their first audit.

In January of 2019 the auditor was contacted by Mrs. Kimberly Fail, Director of the facility to begin the contract and audit process. Mrs. Fail and her staff provided the auditor with the completed Pre-Audit Questionnaire, files, staffing, resident census reports, etc. This information was sent to auditor in the six week proscribed time frame and signs with the auditors address were posted throughout the facility. The auditor contact information was posted six weeks prior to the auditor's arrival and it explained that all information was confidential. Staff were instructed to treat all auditor correspondences like privileged mail. The auditor provided the facility with the audit process map at the time the contract was signed and a proposed schedule was sent to the facility two weeks before the on-site visit so they could adequately prepared for the audit. The facility provided the auditor with a quiet area where staff could be interviewed privately and an area in each of the dormitory style buildings where residents could also be interviewed privately. The facility provided the auditor with lists for interviews for both staff and residents to provide a broad overview for interview selection. In the past 12 months there were six allegations of sexual harassment by residents at the facility. Each of these allegations were investigated by administrative staff and involved name calling. None of the investigations led to criminal prosecution and were rectified through resident re-education and re-direction of behavior.

The facility has MOU's with the USA Women's and Children's Hospital in Mobile, AL to conduct forensic sexual assault examinations. SANE nurses are employed by the hospital to conduct the examinations. The facility has a MOU with the Rape Crisis Center to provide residents at the facility advocacy services through phone conversations and in person meetings. These interactions are all confidential. The Baldwin County Sheriff's Department conducts all criminal investigations with detectives from their sex crimes division. The facility also has a MOU with the Baldwin County Child Advocacy Center to provide counseling and other advocate services to victims of sexual assault. All administrative investigations are conducted by the Director and Program Director of the facility with the criminal investigation always taking precedence. The detective in charge of the criminal investigation stays in contact with the director to ensure facility remains informed, The Alabama Department of Human Resources also investigates any allegation of child abuse including all sexual assaults that occur in detention facilities. A report of the findings by DHR is sent to the facility upon completion of their investigation. All employees of the facility are mandatory reporters and receive training on line using the Alabama Department of Human Resources website curriculum.

On line research of Pathway Baldwin County, LLC found no record of any allegations of abuse physical or sexual. The facility is under no judicial decrees and there is no Department of Justice involvement. The Alabama Department of Youth Services has had no reports of sexual abuse or harassment from the facility. The facility has a website and currently provides information including the investigative process and Third Party Reporting Form. The annual redacted data and PREA Audit Report will be added once the report is received. The auditor received no correspondence from any residents or staff members during the six week period prior to the on-site visit.

Upon arrival June 10, 2019 the auditor met with the Director, Kimberly Fail to go over the plan for the visit and tour the facility. The facility is made up of 5 buildings. One building houses administrative services and the clinic. Located directly behind the administrative building is the female dormitory. This building has two separate housing units with 8 female residents assigned to each unit. A staff member is signed to each housing unit population at all times. The ratio is always 1 staff member to 8 residents at all times. The building also includes two separate shower/restroom areas with 4 individual showers for each living unit. The building has a large classroom, dayroom and offices for assigned counselors. On the opposite side of the campus separated by a wooded area and trails are two buildings for male residents. The buildings are set up the same as the female dormitory. The cafeteria building is located on this portion of the property. Any person entering the campus must check in at the administrative building. The facility is located on a wooded property that provides residents with nature trails, outside recreation areas and gardening opportunities as well as pet therapy. Cameras are monitored 24 hours a day Line staff and counselors/therapists walked the auditor through the intake process including the screening; admit paperwork, orientation information and housing/programming decisions steps. The auditor viewed the grievance system process and discussed it with residents and staff during the interviews. The auditor observed cross gender announcement by all staff entering opposite sex housing units. PREA posters and posters with the PREA Hotline for DYS and Rape Crisis Center and posted throughout the facility. Phones are provided for residents to make calls to these numbers at any time and privacy is provided so they can speak freely. No phone calls are monitored or recorded in the facility. The facility does not accept juveniles who are hearing impaired, sight impaired, unable to speak and read English, or residents with low I.Q. scores due to the nature of the program and terrain of the facility.

Formal and informal interviews were conducted with administrative and line staff, residents and volunteers. There were 48 residents detained at the facility during the on-site visit and 58 employees. Fifteen residents, fifteen line staff and eight administrative staff were interviewed by the auditor during the on-site visit. Six female residents and nine male residents were interviewed to get a better overview of knowledge and experiences at the facility. Six female staff members and nine male staff members were interviewed. All administrative staff were interviewed. Administrative staff included the Director, Kimberly Fail, Program Director/PREA Manager, Grace McGee, Barbara Morrison, PREA Coordinator, four counselors, and Nycole Black, Nursing Supervisor. Residents were interviewed using the recommended DOJ protocols designed to ascertain their knowledge of the options available to them to report sexual assault or sexual harassment, training they received regarding their personal safety, the screening process, search procedures, cross gender announcements, showering procedures, as well as their access to visitation, phone usage, and contact with their attorney. Staff were also questioned using the recommended DOJ protocols designed to ascertain their overall understanding of PREA and their role in providing a sexually safe environment for all residents detained at the facility. Questions were related to training, zero tolerance, reporting options and duties, responding to allegations of sexual assault and sexual harassment, staffing ratios, first responder and mandatory reporting duties. Administrative staff were questioned about the duties directly related to their jobs. I was allowed to choose 20 random resident files to look at the training they received and to view their screening form for victimization/or assaultive tendencies. I viewed all staff files and observed criminal background checks that included NCIC, Sex Offender Registry and the CAN Report from the Alabama Department of Human Resources. The CAN (Child Abuse and Neglect) Report indicates if any employee was ever involved in a founded case of child abuse or neglect. No employee had any indications of abuse, neglect or crimes of a sexual nature. The facility also requests references from prior employers once a

release is signed to determine if they were involved in any offences at their prior places of employment. The employee training files were in excellent order. Employees receive PREA training each year and refresher classes as needed. Many of the training curriculums are from the PREA Resource Centers training library. All administrative staff take turns conducting unannounced rounds which are documented in folders in each bay. These rounds are done randomly and rounds are done on the night shift as well by the supervisor in charge. Administrative staff also conduct rounds on random nights to ensure the safety. Policy prohibits staff from alerting other staff rounds are being conducted.

Residents are provided the opportunity to submit grievances at anytime. There is a grievance box located in each bay however residents stated they preferred to give their grievance form to a staff member usually their counselor who immediately submits it to the facility director, or program director. Residents report that all grievances are dealt with swiftly and they are made aware of the outcome. Residents reported they felt staff respected their privacy when they were in the restroom changing clothes, showering or using the restroom. Residents shower four at a time in separate showers with shower curtains and have complete privacy. There are 8 residents assigned to each living area. Four residents shower while four sit on the bench outside the shower area. Cameras are not placed in the resident's shower/restroom area. All residents attend school but are separated by gender. All residents are seen by the nurse within 24 hours of being admitted to the facility. A counselor is assigned to each resident as part of the program. The counselor conducts the screening instrument to determine a resident's risk of victimization or assaultive behavior. The resident meets with their counselor on a regular basis during their time in the program. Staff maintain a ratio of one staff for every 8 residents at all times. These ratios are in line with those mandated by the Alabama Department of Youth Services for licensure and are strictly followed. Staff conduct a wellness check on all residents every 15 minutes during sleeping hours. Female staff work with female and male residents and male staff work with male residents. Residents reported that at no time had they ever been searched by a member of the opposite gender.

Barbara Morrison serves as the PREA Coordinator and as the Chief Operations Officer of Pathway Inc, in Baldwin County and Enterprise, Alabama. She reported she felt she had sufficient time and authority to implement PREA policies and practices. Mrs. Morrison is very dedicated to providing the residents in her facilities with a safe environment where they can receive programming that aids them in their successful return to their communities. Kimberly Fail, Director of the Baldwin County Pathway facility and her Program Director/PREA manager, Grace McGee are also dedicated to providing a safe environment for all residents court ordered to the program. They are very active and present in the facility and maintain professionalism at all times. Residents report they can talk to them at any time.

At the conclusion of the on-site visit I met with the Director and Program Director/PREA Manager to discuss what was learned during the audit. I also spoke with the PREA Coordinator by phone to discuss findings with her related to the audit. There were no issues in regards to any of the auditor's findings. The facility is extremely dedicated to providing the residents in their care with a safe environment free from sexual assault and sexual harassment.

Facility Characteristics

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate, resident or detainee population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

Pathway is currently in its 32nd year of providing residential treatment services for children and families. Originally incorporated as an authentic “Mom and Pop” (home owned and operated within the state of Alabama). It continues to function as a vested member of the community serving neighborhood children, their families and agencies.

Some historical accomplishments of the program include:

- First non-agency residential campus to be licensed in Alabama (1982)
- Continuously contracted/partnered with the Alabama Department of Human Resources for 32 uninterrupted years, serving over 2800 children
- First Alabama State Department of Education licensed on-campus private school
- Approved Medical Provider (1993)
- First Treatment Facility in the state to be selected to contract with Blue Cross/Blue Shield of Alabama as a preferred provider (1994)
- September 2016 - Pathway expanded to include a new facility in Baldwin County in Southwest Alabama - Pathway of Baldwin County provides therapeutic treatment for adjudicated youth ages 10-18. The goal of the program is to provide a safe environment to foster positive behavioral changes and prevent further juvenile court involvement. The program strives to create positive change, achieved by enhancing social skills, enriching family relationships, increasing personal accountability, reducing risky behavior and improving overall academic participation. Participants are provided individual, group, and family counseling as well as basic living skills education to achieve their individualized treatment goals. The program has the capacity for 32 males and 16 females and is licensed by the Department of Youth Services.

Summary of Audit Findings

*The summary should include the number of standards exceeded, number of standards met, and number of standards not met, **along with a list of each of the standards in each category.** If relevant, provide a summarized description of the corrective action plan, including deficiencies observed, recommendations made, actions taken by the agency, relevant timelines, and methods used by the auditor to reassess compliance.*

Auditor Note: No standard should be found to be "Not Applicable" or "NA". A compliance determination must be made for each standard.

Number of Standards Exceeded: 0

Click or tap here to enter text.

Number of Standards Met: 40

Click or tap here to enter text.

Number of Standards Not Met: 3

Standard 115-312 – does not apply to this facility because it does not contract with other facilities to provide for the care of its residents. Standard 115.316 – does not apply to the facility because due to the nature of the program it does not accept juveniles who are hearing impaired, sight impaired, unable to participate on a higher intellectual level or unable to understand the English language. Standard 115-403 – does not apply to this facility because this is its first audit.

Findings

115.311(a)

The facility has a policy 115.311 that mandates zero tolerance for any sexual assault or sexual harassment of residents at the facility. The policy outlines the facility's strategies for preventing, detecting, and responding to such behaviors. Facility policy addressed prevention through the appointment of a PREA Coordinator, conducting criminal background checks and CAN Reports on all staff, contractors, and volunteers who have contact with residents. Training is conducted with all staff, contractors and volunteers who have contact with residents annually to ensure they have a good understanding of the zero tolerance policy and their duty to report. This training is tailored to the type of contact the individual has with the residents. Staffing ratios are maintained at all times. Information is posted throughout the facility regarding PREA, reporting assault and harassment options. All residents are screened to determine their risk of vulnerability or assaultive behavior so proper housing and programming can be assigned. The facility has a policy in place for detecting sexual assault and harassment through proper training of staff, volunteers, contractors and residents. Screening during the intake process also aids in placing residents in proper housing and programming. The facility policy on responding to sexual assault and sexual harassment is addressed by investigating all allegations, providing advocates, medical help and counseling. Disciplinary sanctions are also addressed in the policy for staff and residents. All incidents are reported to the Alabama

Department of Youth Services who licenses the facility. The policy provides for an incident review team, data collection, and analysis. The policy is consistent with the PREA standards and outlines the facility's approach to sexual safety.

115.311(b)

The facility has a policy 115.311 that mandates the Chief Operations Officer serves as the PREA Coordinator for all Pathway facilities. The policy states the facility PREA Coordinator has the time, and authority to develop, implement and oversee the facility's efforts to comply with the PREA standards. The PREA Coordinator has direct access to the Executive Officer of Pathway Inc, Joseph Peebles, to report any issues or concerns. The organizational chart lays out the chain of command. The interview with the PREA Coordinator confirmed she felt she had sufficient time and authority to develop, implement, and oversee the facility's efforts to comply with the PREA standards. She was very knowledgeable of the PREA standards and takes the safety of residents in the facility very serious.

115.311(c)

The facility has a policy 115.311 that mandates the Program Director serves as the PREA Manager for all Pathway facilities. The policy states the facility PREA Manager has the time, and authority to develop, implement and oversee the facility's efforts to comply with the PREA standards. The PREA Manager has direct access to the Chief Operations Director/PREA Coordinator, Barbara Morrison and Facility Director, Kimberly Fail, to report any issues or concerns. The organizational chart lays out the chain of command. The interview with the PREA Manager confirmed she felt she had sufficient time and authority to develop, implement, and oversee the facility's efforts to comply with the PREA standards. She was very knowledgeable of the PREA standards and takes the safety of residents in the facility very serious

Standard 115.312: Contracting with other entities for the confinement of residents

Discussion

Policy 115.313 mandates the following:

- (a) The facility has a staffing plan that requires a ratio of 1:8 at all times both waking hours and resident sleeping hours. This staff to resident ratio exceeds the ration mandated by the Alabama Department of Youth Services. Each year the Director, Chief Operations Officer/PREA Coordinator and Program Director/PREA Manager reviews the staffing plan to ensure the mandated staffing patterns are followed. The plan takes into consideration the 11 criteria mentioned in the standard as well as hazardous weather staffing.

- (1) Generally accepted juvenile detention and correctional/secure residential practices;

- (2) Any judicial findings of inadequacy;
- (3) Any findings of inadequacy from Federal investigative agencies;
- (4) Any findings of inadequacy from internal or external oversight bodies;
- (5) All components of the facility's physical plant (including "blind spots" or areas where staff or residents may be isolated);
- (6) The composition of the resident population;
- (7) The number and placement of supervisory staff;
- (8) Institution programs occurring on a particular shift;
- (9) Any applicable State or local laws, regulations, or standards;
- (10) The prevalence of substantiated and unsubstantiated incidents of sexual abuse; and

Staffing provides for both female and male officers to be on duty for each shift. The staffing ratios are also required to maintain licensure with the Alabama Department of Youth Services who conducts and annual audit of the facility. The auditor discussed staffing issues with the Director, Chief Operations Officer /PREA Coordinator, Program Director/PREA Manager and Shift Supervisors. All interviewed stated that at all times proper staffing is maintained. If a shift required extra staffing due to a staff call in, a staff member would be required to work over. Interviews with line staff confirmed this requirement of working over to maintain proper staffing. Staffing Rosters and video monitoring also confirmed staffing requirements were being maintained.

- (b) The facility does not allow the staff to resident ratio exceed 1:8 which exceeds the mandated Alabama Department of Youth Services which requires 1:8 during waking hours and 1:12 during sleeping hours. Staffing provides for both female and male officers to be on duty for each shift. The staffing ratios are also required to maintain licensure with the Alabama Department of Youth Services who conducts and annual audit of the facility. The auditor discussed staffing issues with the Director, Chief Operations Officer/PREA Coordinator, Program Director/PREA Manager, and Shift Supervisors. All interviewed stated that at all times proper staffing is maintained. If a shift required extra staffing due to a staff call in, a staff member would be required to work over. Interviews with line staff confirmed this requirement of working over to maintain proper staffing. Staffing Rosters and video monitoring also confirmed staffing requirements were being maintained.

There were no deviations during this review period.

- (c) The facility does not allow the staff to resident ratio exceed 1:8 which exceeds the mandated Alabama Department of Youth Services which requires 1:8 during waking hours and 1:12 during sleeping hours. Staffing provides for both female and male officers to be on duty for each shift. The staffing ratios are also required to maintain licensure with the Alabama Department of Youth Services who conducts and annual audit of the facility. The auditor discussed staffing issues with the Director, Chief Operations Officer/PREA Coordinator, Program Director/PREA Manager, and Shift Supervisors. All interviewed stated that at all times proper staffing is maintained. If a shift required extra staffing due to a staff call in, a staff member would be

required to work over. Interviews with line staff confirmed this requirement of working over to maintain proper staffing. Staffing Rosters and video monitoring also confirmed staffing requirements were being maintained.

- (d) The facility has a staffing plan that requires a ratio of 1:8 during at all times. Each year the Director, Chief Operations Officer/PREA Coordinator, Program Director/PREA Manager reviews the staffing plan to ensure the mandated staffing patterns are followed. The plan takes into consideration the 11 criteria mentioned in the standard as well as hazardous weather staffing.

Staffing provides for both female and male officers to be on duty for each shift. The staffing ratios are also required to maintain licensure with the Alabama Department of Youth Services who conducts and annual audit of the facility. The auditor discussed staffing issues with the Director, Chief Operations Officer/PREA Coordinator, Program Director/PREA Manager, and Shift Supervisors. All interviewed stated that at all times proper staffing is maintained. If a shift required extra staffing due to a staff call in, a staff member would be required to work over. Interviews with line staff confirmed this requirement of working over to maintain proper staffing. Staffing Rosters and video monitoring also confirmed staffing requirements were being maintained.

- (e) The policy requires unannounced and unpredictable rounds be done by supervisory and administrative staff daily. Upon reviewing the Unannounced Rounds logs for the past year it was evident that all rounds are very random and conducted on each shift several times daily. The rounds are conducted by shift supervisors during their assigned shift and administrative staff during their normal work week with pop in checks on weekends, holidays and night shifts. I met with supervisors which were chosen randomly. Each supervisor stated they conducted the rounds several times during their shift and made sure these checks were random and unpredictable. The policy dictates that no staff member is allowed to alert any other staff member the rounds are being conducted. Any staff member who violates this policy would be subject to disciplinary action. Rounds are conducted to ensure the safety of all residents and staff members on duty and to ensure staff are performing their duties as directed. Supervisory and administrative staff make an entry in the Unannounced Rounds Log to document the check was done. Administrative staff spot check these rounds on the video system to ensure they are being conducted properly. The facility exceeds this portion of the standard.

Standard 115.315: Limits to cross-gender viewing and searches

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.315 (a)

- Does the facility always refrain from conducting any cross-gender strip or cross-gender visual body cavity searches, except in exigent circumstances or by medical practitioners?
x Yes No

115.315 (b)

- Does the facility always refrain from conducting cross-gender pat-down searches in non-exigent circumstances? x Yes No NA

115.315 (c)

- Does the facility document and justify all cross-gender strip searches and cross-gender visual body cavity searches? Yes No
- Does the facility document all cross-gender pat-down searches? Yes No

115.315 (d)

- Does the facility implement policies and procedures that enable residents to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks? Yes No

Discussion:

Policy 115.315 dictates the following:

- (a) It is the policy of the facility that no cross-gender search or cross-gender visual body cavity searches are performed except in exigent circumstances or when performed by medical professionals. The facility does not allow pat-down searches. Strip searches are conducted by staff members of the same gender during intake, after community service outings and after home visits. All body cavity searches are only conducted by medical personnel. There have been no body cavity searches conducted in the past 36 months. At all times female and male staff are on duty. The staffing is confirmed by staff schedules and discussions with administrative staff, line staff, supervisory staff and residents.
- (b) Pat-down searches are prohibited at the facility. Strip searches are conducted by staff members of the same gender as the resident. Strip searches are conducted at the time of intake, after community service outings and after home visits. There have been no body cavity searches conducted in the past 36 months. At all times female and male staff are on duty. The staffing is confirmed by staff schedules and discussions with administrative staff, line staff, supervisory staff and residents.
- (c) Pat-down searches are prohibited at the facility. Strip searches are conducted by staff members of the same gender as the resident. Strip searches are conducted at the time of intake, after

community service outings and after home visits. There have been no body cavity searches conducted in the past 36 months. At all times female and male staff are on duty. The staffing is confirmed by staff schedules and discussions with administrative staff, line staff, supervisory staff and residents.

- (d) Policy mandates that residents are allowed to shower, perform bodily functions and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when incidental to a routine cell check. Policy requires staff of the opposite gender to announce their presence when entering a housing bay. Residents interviewed stated that any time a member of the opposite gender entered the housing bay they announced their presences.

The policy was discussed with administrative personnel, supervisory staff, line staff and residents. The auditor asked administrative staff, supervisory staff and line staff if staff members alerted residents a member of the opposite gender was entering a housing bay. All groups indicated this policy was followed a mandated. The announcements were viewed during the auditor's on-site visit. The auditor asked line and supervisory staff to walk the auditor through a room check which is conducted every 15 minutes while residents are in their housing area. Females are assigned to female bays and males are assigned to male bays. The staffing is confirmed by staff schedules and discussions with administrative staff, line staff, supervisory staff and residents. Staff members look visually into each room through a window to ensure the resident housed inside is safe and present. If a resident is using the restroom the visual check is done and the officer moves directly to the next room to be checked. Residents shower individually in four separate shower stalls with shower curtains. They enter fully clothed and they shower in a closed shower stall to provide privacy. There no visibility through the shower stall. Once the resident shower is complete they dress and exit the shower stall. Residents interviewed described the same procedure for showers and room checks.

- (e) Facility policy prohibits the search or physical examination of a transgender or intersex resident for the sole purpose of determining the resident's genital status. If the resident's genital status is unknown, it may be determined through conversations with the resident or by reviewing previous records of arrest, or by the nurse during her admit evaluation conducted in the first 24 hours of arriving at the facility. The resident can be housed in the intake area until seen by the nurse or the nurse can be called to the facility if circumstances dictated. Conversations with administrative staff, supervisory and line staff and the nurse confirmed this is the policy. The facility has admitted no transgender or intersex residents during this review period.
- (f) Policy mandates that no pat-down searches are conducted on residents at the facility at any time. Strip searches are conducted on all new intakes, after community service opportunities, and after home visits. These searches are conducted by staff members of the same gender. Staff do receive training on conducting all searches in a professional and respectful manner and in the least intrusive manner possible. The Director discussed the training program with the auditor. Training is conducted using the PREA Resource Center's: Guidance in Cross-Gender and Transgender Pat Searches, curriculum. Each staff member receives this training annually. Training was documented in training each file the auditor examined. The Director stated she used much of her PREA training from the PREA Resource Center. Staff interviews with both line and supervisory staff confirmed the training.

Policy 115.317 mandates the following:

- (a) The facility will not hire or promote anyone who may have contact with residents, and will not enlist the services of any contractor who may have contact with residents who has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility or other institution. It will not hire or contract or promote anyone who may have contact with residents who has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if he victim or not consent or was unable to consent or refuse or has been civilly or administratively adjudicated to have engaged in such activities. Administrative staff confirm this is the policy and practice of the facility and they take it very seriously.
- (b) It is the policy of the facility to consider any incidents of sexual harassment in determining whether to hire or promote anyone or enlist the services of any contractor who may have contact with residents. Conversations with Administrative staff confirms this is the policy and practice of the facility. They also confirm the consequence for any form of sexual harassment by a staff member can be grounds for disciplinary action up to and including termination. The Contract services would be canceled for any contractor engaging in sexual harassment of any form.
- (c) It is the policy of the facility that all potential employees and all facility employees and/or contractors have a criminal background check as well as a Child Abuse and Neglect Report run on them prior to employment and every five years after. All potential employees must sign a release of liability for any institutional setting they may have perilously worked so their prior employer can complete a questionnaire regarding their work history as well as any information on substantiated allegations of sexual abuse or harassment or any resignation during a pending investigation of an allegation of sexual abuse or physical abuse. All applicants and employees must disclose any act of misconduct. Failure to do so will result in termination for consideration of employment and termination of employment or contract services. After a thorough review of employee/contractor files the auditor observed national criminal background checks, sex offender registry requests, and Child Abuse and Neglect reports from the Alabama Department of Human Services. The auditor also observed requests for information from previous employers and their responses. All files audited were in order.
- (d) Policy mandates if an agency considering employing a former staff member submits the proper documentation signed by the applicant the facility will release documentation concerning any acts of sexual/physical abuse, sexual harassment, and pending litigation related to the former employee. The Director, Program Director and Human Resources Coordinator would be responsible for completing all requests.

Policy 115.318 mandates the following:

(a) Policy dictates that when designing or acquiring any new facility and in planning any substantial expansion or modification of existing facilities, the agency considers the effects of the design, acquisition, expansion, or modifications upon the facility's ability to protect residents from sexual abuse. The Director stated in the interview that all aspects of safety and security are evaluated and addressed in the design of the expansion of any upgrades.

(b) Policy also mandates that when installing or updating a video monitoring system, electronic surveillance system, or other monitoring technology, the agency considers how such technology may enhance the agency’s ability to protect residents from sexual abuse.

RESPONSIVE PLANNING

Standard 115.321: Evidence protocol and forensic medical examinations

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.321 (a)

- If the agency is responsible for investigating allegations of sexual abuse, does the agency follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions? (N/A if the agency/facility is not responsible for conducting any form of criminal OR administrative sexual abuse investigations.)
 Yes No NA

115.321 (b)

- Is this protocol developmentally appropriate for youth where applicable? (N/A if the agency/facility is not responsible for conducting any form of criminal OR administrative sexual abuse investigations.) Yes No NA
- Is this protocol, as appropriate, adapted from or otherwise based on the most recent edition of the U.S. Department of Justice’s Office on Violence Against Women publication, “A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents,” or similarly comprehensive and authoritative protocols developed after 2011? (N/A if the agency/facility is not responsible for conducting any form of criminal OR administrative sexual abuse investigations.) Yes No NA

115.321 (c)

- Does the agency offer all residents who experience sexual abuse access to forensic medical examinations, whether on-site or at an outside facility, without financial cost, where evidentiarily or medically appropriate? Yes No
- Are such examinations performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible? Yes No
- If SAFEs or SANEs cannot be made available, is the examination performed by other qualified medical practitioners (they must have been specifically trained to conduct sexual assault forensic exams)? Yes No

- Has the agency documented its efforts to provide SAFEs or SANEs? Yes No

115.321 (d)

- Does the agency attempt to make available to the victim a victim advocate from a rape crisis center? Yes No
- If a rape crisis center is not available to provide victim advocate services, does the agency make available to provide these services a qualified staff member from a community-based organization, or a qualified agency staff member? Yes No
- Has the agency documented its efforts to secure services from rape crisis centers? Yes No

115.321 (e)

- As requested by the victim, does the victim advocate, qualified agency staff member, or qualified community-based organization staff member accompany and support the victim through the forensic medical examination process and investigatory interviews? Yes No
- As requested by the victim, does this person provide emotional support, crisis intervention, information, and referrals? Yes No

115.321 (f)

- If the agency itself is not responsible for investigating allegations of sexual abuse, has the agency requested that the investigating entity follow the requirements of paragraphs (a) through (e) of this section? (N/A if the agency/facility is responsible for conducting criminal AND administrative sexual abuse investigations.) Yes No NA

115.321 (g)

- Auditor is not required to audit this provision.

115.321 (h)

- If the agency uses a qualified agency staff member or a qualified community-based staff member for the purposes of this section, has the individual been screened for appropriateness to serve in this role and received education concerning sexual assault and forensic examination issues in general? (Check N/A if agency attempts to make a victim advocate from a rape crisis center available to victims per 115.321(d) above.) Yes No NA

Policy 115.221 mandates the following:

- (a) / (b) The Baldwin County Sheriff's Department is responsible for investigation of all allegations of sexual abuse at the facility. The detectives assigned to the sex crimes division as well as the forensic employees of the department follow a uniform evidence protocol procedure to maximize the potential for obtaining usable physical evidence for criminal prosecutions. The protocol is developmentally appropriate for youth using the U.S. Department of Justice's Office on Violence Against Women publication, "A National protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents." Staff/first responders are instructed to protect any evidence by sealing off the area where the alleged assault took place, advising the victim and alleged perpetrator to not remove their clothing, brush teeth, eat, rinse off body or rinse mouth or eat until they are transported for examination. During interviews with administrative staff,

supervisors, and line staff they confirmed this was the policy and practice of the facility. The Director, Chief Operations Officer/ PREA Coordinator and Program Director/PREA Manager conduct administrative investigations but these are not criminal investigations in nature. These investigations are designed to determine if policy and procedure was followed by staff

- (b) Residents who allege they were victims of sexual assault are transported to USA Women's and Children's. These residents will have their sexual assault examination performed by a SANE nurse at the hospital. Advocates are provided to the victim during the examination by the Rape Crisis Center. These services are provided at no charge to the victim. The facility meets this portion of the standard based on interviews with the Director, Chief Operations Officer /PREA Coordinator, Program Director/PREA Manager, MOU with USA Women's and Children's Hospital, MOU with Rape Crisis Center and MOU Child Advocacy Center.
- (c) The facility is provided advocates by the Rape Crisis Center. Residents are also provided with the number to the Rape Crisis Center so they can speak to an advocate at any time. The Child Advocacy Center also provides advocates as requested. The facility meets this portion of the standard based on interviews with the Director, Chief Operations Officer /PREA Coordinator, Program Director/PREA Manager, supervisors, line staff, and residents. Residents also have therapists assigned to them upon admittance to the facility as part of the rehabilitative program.
- (d) As requested by the victim, the victim advocate will accompany and support the victim through the forensic medical examination process and investigatory interviews and shall provide emotional support, crisis intervention, information, and referrals a The facility meets this portion of the standard based on interviews with the Director, Chief Operations Officer /PREA Coordinator, Program Director/PREA Manager, MOU with Rape Crisis Center, MOU with Child Advocacy Center.
- (e) The Baldwin County Sheriff's Department is requested to follow the requirements in paragraphs (a) through (e).

- (a) Facility policy ensures that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment. The Baldwin County Sheriff's Department conducts all criminal allegations of sexual abuse and sexual harassment if it arises to a criminal level. The Director and Program Director investigate allegations of minor sexual harassment such as name calling and unwanted advances. These are dealt with using the facility's disciplinary infraction system.
- (b) It is facility's policy to ensure all allegations of sexual abuse or sexual harassment are referred to the Baldwin County Sheriff's Department is available on the facility website pathway-inc.com. The Director and Program Director/PREA Manager and Chief Executive Officer/PREA Coordinator conduct administrative investigations on all allegations of sexual assault and sexual harassment. The administrative investigations related to sexual assault determine if policy and procedures were violated by staff. These are not criminal investigations. All criminal investigations are conducted by the Baldwin County Sheriff's Department. Detectives from the sex crimes division who are also assigned to the Tuscaloosa Child Center work with the Alabama Department of Human Resources to the Baldwin County Child Advocacy Center investigate all allegations of sexual assault. They work in tandem with a collaborative group at the Baldwin County Child Advocacy Center made up of detectives, DHR, medical personnel, counselors, and assistant district attorneys to determine if the case is prosecutable.
- (c) The publication on pathway-inc.com describes the responsibilities of the facility and the Baldwin County Sheriff's Department in the investigative process. This information was provided to the auditor by the Director, Chief Operations Officer/PREA Coordinator, Program Director/PREA Manger, and MOU with Baldwin County Child Advocacy Center.

Facility Policy 115.331 mandates the following:

- (a) The agency shall train all employees who may have contact with residents on:
 - (1) Its zero-tolerance policy for sexual abuse and sexual harassment;
 - (2) How to fulfill their responsibilities under agency sexual abuse and sexual harassment prevention, detection, reporting, and response policies and procedures;
 - (3) Residents' right to be free from sexual abuse and sexual harassment;
 - (4) The right of residents and employees to be free from retaliation for reporting sexual abuse and sexual harassment;
 - (5) The dynamics of sexual abuse and sexual harassment in juvenile facilities;
 - (6) The common reactions of juvenile victims of sexual abuse and sexual harassment;
 - (7) How to detect and respond to signs of threatened and actual sexual abuse and how to distinguish between consensual sexual contact and sexual abuse between residents;
 - (8) How to avoid inappropriate relationships with residents;

(9) How to communicate effectively and professionally with residents, including lesbian, gay, bisexual, transgender, intersex, or gender nonconforming residents; and

(10) How to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities;

(11) Relevant laws regarding the applicable age of consent.

The facility curriculum addresses each of these topics. The training curriculum comes from the PREA Recourse Center's Employee Training program. The training focuses on working with the juvenile population and the unique needs of working in correction facilities for youth. The Director and Program Director/PREA Manager place a heavy emphasis on training staff to ensure the safety and security of the facility and the residents detained there by conducting all employee training. This training is provided annually to all staff members and provides refreshers if needed. In the auditors interviews with line staff and supervisors their knowledge of PREA, zero tolerance, responsibilities regarding prevention, detection, reporting and response were evident. They knew and understood the resident's right to be free from sexual harassment and sexual abuse as well as their right and the resident's right to be free from retaliation for reporting such acts. Staff discussed what made children who are court involved more susceptible to sexual abuse and harassment, and the common reactions of residents who are being sexually abused or harassed. They discussed the "red flags" that adult offenders and juvenile offenders may display during the grooming process and when engaging in sexual abuse. They have received training on working with LGBTI juveniles. They understand their duties as mandatory reporters and understand the laws of legal consent as it relates to the State of Alabama. It is evident from the interviews that staff training is a priority at this facility.

(b) All training is tailored to the unique needs and attributes of residents detained in the facility. The facility serves both males and females so employees are trained to deal with both genders. This information was provided to the auditor through interviews with the Director, Program Director/PREA Manager, line staff and supervisors.

(d) All staff receive training during their first 40 of new employee training. All staff receive PREA training annually or as needed refresher training. This information was provided to the auditor through interviews with the Director, Program Director/PREA Manager, line staff and supervisors.

(d) All employee training is documented in their training file. Employees sign a document stating they understood the training they received. This document is placed in their training file. The auditor verified training is being conducted as policy dictates by observing all current employees files.

Interview with Chief Operations Officer/PREA Coordinator
Interview with Program Director/PREA Manager
Interview with Supervisors

Interviews with Counselors/Therapists
Interview with Residents

Policy 115.333 mandates the following:

- a) During the intake process, residents receive information explaining, in an age appropriate fashion, the agency's zero tolerance policy regarding sexual abuse and sexual harassment and how to report incidents or suspicions of sexual abuse or sexual harassment. At the point of intake all residents are given a PREA Manual and sign that they received the handbook. It explains the facility's zero tolerance policy and how to report any incident of sexual abuse or sexual harassment. Residents also go over a PowerPoint which goes into detail about PREA, zero tolerance, reporting options, what to do if you are assaulted, what to do to preserve evidence, medical treatment, and their right to be free from retaliation. At the end of the presentation residents are asked if they have any questions and they understand what they have been read. They then sign a form stating they received and understood the information. This form is placed in the residents file. Interviews with administrative staff, supervisors, line staff, therapists and residents confirmed this is the practice of the facility. Line staff and supervisors conduct resident training during the intake process.
- b) Within 10 days of intake the facility provides a more comprehensive age-appropriate PREA training for residents. The assigned staff member discusses their right to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting any incident of such. Residents are instructed on what the process is once an allegation of sexual assault or sexual harassment is made. In the auditors interviews with residents they were well versed in their right to be free from sexual assault and sexual harassment. They understood the many ways they could report any sexual harassment or sexual assault (tell a staff member, volunteer, teacher, administration member, PREA Hotline, parent, attorney, probation officer, or using the grievance procedure). Each resident interviewed said that they would tell a trusted staff member if they had any issue while in detention. Residents were very open and comfortable during the interviews. No resident told the auditor they did not want to answer the questions or participate. Line staff and supervisors provide the training using the PREA PowerPoint as their guide. Staff interviewed stated they make sure the residents understand what they are going over during the comprehensive training. Staff also provide refresher training as needed.

- c) All residents at the facility had received training before the auditor arrived for the on-site visit. Files audited revealed each resident received training at intake and within 72 hours received the comprehensive more in depth PREA training.
- d) Pathway is an intense, cognitively demanding treatment program. As such, pathway will provide resident education in formats assessable to all residents. Pathway treatment programs cannot accommodate those who are limited English proficient, deaf, visually impaired or otherwise disabled.
- (d) All residents sign documentation indicating they received the information and understood the information provided to them. This documentation is placed in the resident's file. The auditor observed the signed documentation in each residents file.
- (e) PREA posters and pamphlets are located throughout the facility. This was observed during the auditors walk through.

Policy 115.341 mandates the following:

(a) Within 72 hours of the resident's arrival at the facility and periodically throughout a resident's confinement, the agency shall obtain and use information about each resident's personal history and behavior to reduce the risk of sexual abuse by or upon a resident.

(b) Such assessments shall be conducted using an objective screening instrument.

(c) At a minimum, the agency shall attempt to ascertain information about:

(1) Prior sexual victimization or abusiveness;

(2) Any gender nonconforming appearance or manner or identification as lesbian, gay, bisexual, transgender, or intersex, and whether the resident may therefore be vulnerable to sexual abuse;

(3) Current charges and offense history;

(4) Age;

(5) Level of emotional and cognitive development;

(6) Physical size and stature;

(7) Mental illness or mental disabilities;

(8) Intellectual or developmental disabilities;

(9) Physical disabilities;

(10) The resident's own perception of vulnerability; and

(11) Any other specific information about individual residents that may indicate heightened needs for supervision, additional safety precautions, or separation from certain other residents.

The facility uses the Screening for Vulnerability to Victimization and Sexually Aggressive Behavior (VSAB) developed by the Alabama Department of Youth Services. The screening instrument is objective. Residents are screened within 72 hours by their assigned therapist. The information is maintained on a computer program that is password protected. Only the therapist, Director and Program Director/PREA Manager have access to the SVVSAB information. Only the information necessary to make housing and programming decisions is provided to supervisors. The auditor viewed the resident's files and found each resident had been given the SVVSAB. Interviews with the residents also confirmed they participated in the SVVSAB within 72 hours of being detained.

(d) This information shall be ascertained through conversations with the resident and therapist during the intake process.

(e) The information is maintained on a computer program that is password protected. Only the therapist, Director and Program Director/PREA Manager have access to the SVVSAB information. Only the information necessary to make housing and programming decisions is provided to supervisors.

Standard 115.342: Use of screening information

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.342 (a)

- Does the agency use all of the information obtained pursuant to § 115.341 and subsequently, with the goal of keeping all residents safe and free from sexual abuse, to make: Housing Assignments? x Yes No
- Does the agency use all of the information obtained pursuant to § 115.341 and subsequently, with the goal of keeping all residents safe and free from sexual abuse, to make: Bed assignments? x Yes No
- Does the agency use all of the information obtained pursuant to § 115.341 and subsequently, with the goal of keeping all residents safe and free from sexual abuse, to make: Work Assignments? x Yes No
- Does the agency use all of the information obtained pursuant to § 115.341 and subsequently, with the goal of keeping all residents safe and free from sexual abuse, to make: Education Assignments? x Yes No
- Does the agency use all of the information obtained pursuant to § 115.341 and subsequently, with the goal of keeping all residents safe and free from sexual abuse, to make: Program Assignments? x Yes No

115.342 (b)

- Are residents isolated from others only as a last resort when less restrictive measures are inadequate to keep them and other residents safe, and then only until an alternative means of keeping all residents safe can be arranged? x Yes No
- During any period of isolation, does the agency always refrain from denying residents daily large-muscle exercise? x Yes No
- During any period of isolation, does the agency always refrain from denying residents any legally required educational programming or special education services? x Yes No
- Do residents in isolation receive daily visits from a medical or mental health care clinician? x Yes No
- Do residents also have access to other programs and work opportunities to the extent possible? x Yes No

115.342 (c)

- Does the agency always refrain from placing: Lesbian, gay, and bisexual residents in particular housing, bed, or other assignments solely on the basis of such identification or status?
x Yes No
- Does the agency always refrain from placing: Transgender residents in particular housing, bed, or other assignments solely on the basis of such identification or status? x Yes No
- Does the agency always refrain from placing: Intersex residents in particular housing, bed, or other assignments solely on the basis of such identification or status? x Yes No
- Does the agency always refrain from considering lesbian, gay, bisexual, transgender, or intersex identification or status as an indicator or likelihood of being sexually abusive?
x Yes No

115.342 (d)

- When deciding whether to assign a transgender or intersex resident to a facility for male or female residents, does the agency consider on a case-by-case basis whether a placement would ensure the resident's health and safety, and whether a placement would present management or security problems (NOTE: if an agency by policy or practice assigns residents to a male or female facility on the basis of anatomy alone, that agency is not in compliance with this standard)? x Yes No
- When making housing or other program assignments for transgender or intersex residents, does the agency consider on a case-by-case basis whether a placement would ensure the resident's health and safety, and whether a placement would present management or security problems? x Yes No

115.342 (e)

- Are placement and programming assignments for each transgender or intersex resident reassessed at least twice each year to review any threats to safety experienced by the resident?
x Yes No

115.342 (f)

- Are each transgender or intersex resident's own views with respect to his or her own safety given serious consideration when making facility and housing placement decisions and programming assignments? x Yes No

115.342 (g)

- Are transgender and intersex residents given the opportunity to shower separately from other residents? x Yes No

115.342 (h)

- If a resident is isolated pursuant to paragraph (b) of this section, does the facility clearly document: The basis for the facility's concern for the resident's safety? (N/A for h and i if facility doesn't use isolation?) x Yes No NA
- If a resident is isolated pursuant to paragraph (b) of this section, does the facility clearly document: The reason why no alternative means of separation can be arranged? (N/A for h and i if facility doesn't use isolation?) x Yes No NA

115.342 (i)

- In the case of each resident who is isolated as a last resort when less restrictive measures are inadequate to keep them and other residents safe, does the facility afford a review to determine whether there is a continuing need for separation from the general population EVERY 30 DAYS? x Yes No

Policy 115.342 mandates the following:

- (a) The facility will use all information obtained pursuant to Standard 115.341 and subsequently to make housing, bed, program, education, and work assignments for residents with the goal of keeping all residents safe and free from sexual abuse. The information provided through the use of the SVVSAB used to determine housing and programming arrangements. The number of housing units allows staff to house by age group, propensity for aggressive behavior and prior victimization and other considerations.
- (b) Isolation is not used at this facility. Residents may be sent to speak to their therapist, Director, Program Director or a supervisor to redirect behavior. Residents who refuse to comply with facility rules will be sent expelled from the program and transported back to the detention center of origin.
- (c) Lesbian, gay, bisexual, transgender, or intersex residents shall not be placed in particular housing, bed, or other assignments solely on the basis of such identification or status, nor will the facility consider lesbian, gay, bisexual, transgender, or intersex identification or status as an indicator of likelihood of being sexually abusive.
- (d) In deciding whether to assign a transgender or intersex resident to a housing bay for male or female residents, and in making other housing and programming assignments, the agency will consider on a case-by-case basis whether a placement would ensure the resident's health and safety, and whether the placement would present management or security problems.
- (e) Placement and programming assignments for each transgender or intersex resident will be reassessed at least twice each year to review any threats to safety experienced by the resident.
- (f) A transgender or intersex resident's own views with respect to his or her own safety shall be given serious consideration.
- (g) Transgender and intersex residents shall be given the opportunity to shower separately from other residents.
- (h) If a resident is isolated pursuant to paragraph (b) of this section, the facility shall clearly document:
 - (1) The basis for the facility's concern for the resident's safety; and
 - (2) The reason why no alternative means of separation can be arranged.
- (i) Every 30 days, the facility shall afford each resident described in paragraph (h) of this section a review to determine whether there is a continuing need for separation from the general population.

The facility has housed no transgender juveniles during the review period. Several residents have described themselves as openly gay but they were not present at the time of the audit. Isolation is not used at the facility. Residents who refuse to comply with the rules of the facility are expelled and transferred back to the detention center of origin.

REPORTING

Standard 115.351: Resident reporting

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.351 (a)

Policy 115.351 mandates the following:

a) The facility provides multiple internal ways for residents to privately report sexual abuse and sexual harassment, retaliation by other residents or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents. Residents have many ways to report at their disposal. Interviews with residents confirmed they understood they had the ability to tell a trusted staff member, file a grievance, tell their legal guardian during visitation or when making weekly phone calls, tell their probation officer, tell their attorney or tell any member of the administrative staff who are on the campus on a daily basis. Residents may also call the PREA Hotline at the Alabama Department of Youth Services. Reports can be made anonymously or as a third party reporter. Administrative staff, Supervisors and line staff also listed the reporting options available to residents of the facility. These reporting options are discussed at the time of intake and during the more comprehensive PREA Orientation that takes place in the first 72 hours of confinement.

(b) The facility also provides at least one way for residents to report abuse or harassment to a public or private entity or office that is not part of the agency and that is able to receive and immediately forward resident reports of sexual abuse and sexual harassment to agency officials, allowing the resident to remain anonymous upon request. Residents can call the Alabama Department of Youth Services PREA Hotline. The state PREA Coordinator will review all messages left on the hotline number daily and report any issues to the facility where the alleged sexual assault or sexual harassment took place. The facility director will initiate an investigation at that point. All criminal investigations of alleged sexual assault will be handled by the Baldwin County Sheriff's Department. During this review period there have been no calls made to the PREA Hotline at the Alabama Department of Youth Services regarding sexual assault or sexual harassment at the Pathway Baldwin County facility LLC. This information

was obtained by the auditor through interviews with Administrative Staff, Supervisors, Line Staff, Nurse, therapists and Residents. Residents have access to their legal guardians through phone calls, visitation and home visits. They are also allowed to write letters to their legal guardian, and probation officers.

(c) Staff members accept reports made verbally, in writing, anonymously, and from third parties and promptly documents any verbal reports. These reports are documented and passed directly to the Supervisor who immediately contacts the Director, or Program Director/PREA Manager. All allegations are investigated and reported to the Baldwin County Sheriff's Department. This information was obtained through interviews with Administrative Staff, Supervisors, Line Staff, Nurse, therapists, and residents.

(d) The facility provides residents with access to tools necessary to make a written report. Residents are supplied with writing utensils as requested. If a resident requests to write a grievance a form is given to them and they are provided a pencil. The grievance is placed in the grievance box or given to a member of the administrative team who is actively on the campus daily. This information was provided to the auditor through interviews with Administrative Staff, Supervisors, Line staff, Nurse, therapists, teachers and Residents.

(e) The facility provides a method for staff to privately report sexual abuse and sexual harassment of residents. Staff members may also use the PREA Hotline at the Alabama Department of Youth Services or they may report directly to the Baldwin County Sheriff's Department or the Alabama Department of Human Resources. Staff also stated they could contact the Director or Program Director/PREA Manager directly with any concerns they may have about a juvenile's sexual safety.

No residents are held in this facility for immigrations purposes.

Standard 115.352: Exhaustion of administrative remedies

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.352 (a)

- Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address resident grievances regarding sexual abuse. This does not mean the agency is exempt simply because a resident does not have to or is not ordinarily expected to submit a grievance to report sexual abuse. This means that as a matter of explicit policy, the agency does not have an administrative remedies process to address sexual abuse. x Yes No NA

115.352 (b)

- Does the agency permit residents to submit a grievance regarding an allegation of sexual abuse without any type of time limits? (The agency may apply otherwise-applicable time limits to any portion of a grievance that does not allege an incident of sexual abuse.) (N/A if agency is exempt from this standard.) x Yes No NA
- Does the agency always refrain from requiring a resident to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse? (N/A if agency is exempt from this standard.) x Yes No NA

115.352 (c)

- Does the agency ensure that: A resident who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) x Yes No NA
- Does the agency ensure that: Such grievance is not referred to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) x Yes No NA

115.352 (d)

- Does the agency issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance? (Computation of the 90-day time period does not include time consumed by residents in preparing any administrative appeal.) (N/A if agency is exempt from this standard.) x Yes No NA
- If the agency determines that the 90-day timeframe is insufficient to make an appropriate decision and claims an extension of time [the maximum allowable extension of time to respond is 70 days per 115.352(d)(3)], does the agency notify the resident in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.) x Yes No NA
- At any level of the administrative process, including the final level, if the resident does not receive a response within the time allotted for reply, including any properly noticed extension, may a resident consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.) x Yes No NA

115.352 (e)

- Are third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, permitted to assist residents in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.) x Yes No NA
- Are those third parties also permitted to file such requests on behalf of residents? (If a third party, other than a parent or legal guardian, files such a request on behalf of a resident, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.) x Yes No NA
- If the resident declines to have the request processed on his or her behalf, does the agency document the resident's decision? (N/A if agency is exempt from this standard.) x Yes No NA
- Is a parent or legal guardian of a juvenile allowed to file a grievance regarding allegations of sexual abuse, including appeals, on behalf of such juvenile? (N/A if agency is exempt from this standard.) x Yes No NA

- If a parent or legal guardian of a juvenile files a grievance (or an appeal) on behalf of a juvenile regarding allegations of sexual abuse, is it the case that those grievances are not conditioned upon the juvenile agreeing to have the request filed on his or her behalf? (N/A if agency is exempt from this standard.) x Yes No NA

115.352 (f)

- Has the agency established procedures for the filing of an emergency grievance alleging that a resident is subject to a substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.) x Yes No NA
- After receiving an emergency grievance alleging a resident is subject to a substantial risk of imminent sexual abuse, does the agency immediately forward the grievance (or any portion thereof that alleges the substantial risk of imminent sexual abuse) to a level of review at which immediate corrective action may be taken? (N/A if agency is exempt from this standard.)
x Yes No NA
- After receiving an emergency grievance described above, does the agency provide an initial response within 48 hours? (N/A if agency is exempt from this standard.) x Yes No NA
- After receiving an emergency grievance described above, does the agency issue a final agency decision within 5 calendar days? (N/A if agency is exempt from this standard.)
x Yes No NA
- Does the initial response and final agency decision document the agency's determination whether the resident is in substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.) x Yes No NA
- Does the initial response document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) x Yes No NA
- Does the agency's final decision document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) x Yes No NA

115.352 (g)

- If the agency disciplines a resident for filing a grievance related to alleged sexual abuse, does it do so ONLY where the agency demonstrates that the resident filed the grievance in bad faith? (N/A if agency is exempt from this standard.) x Yes No NA

- (a) Residents are provided with access to tools to make written reports of any form of abuse, sexual harassment, retaliation by another client or staff member and staff neglect or violation of responsibilities.
- (b) Reports/grievances can be given to any staff member at any time.
- (c) Under no circumstances will the resident/client be required to submit the written complaint to the staff member who is subject of the complaint
- (d) Pathway permits third parties including, fellow residents, staff members, family members, attorneys and outside advocates to assist clients/residents in filing request for administrative remedies relating to allegations of sexual abuse and file such requests on behalf of clients/residents. A third party reporting form can be located on the pathway-inc.com website. Clients/residents are encouraged to report any act of sexual abuse or sexual harassment that they witnessed or suspect
- (e) If a client/resident declines to have third party assistance in filing a grievance alleging sexual abuse, Pathway will document the client/resident's refusal. The client/resident cannot refuse if the third party report is made by the legal guardian of the child.

- (f) An emergency grievance can be filed alleging substantial risk of imminent sexual abuse. Emergency grievances will require an initial response within 48 hours and must be immediately reported to the PREA Manager or Director. With guidance the PREA Manager or Director staff will take immediate action to protect the client/resident from potential imminent sexual abuse. A final decision regarding an emergency grievance will be made and issued within 5 days.

The facility reports there have been no allegations of sexual abuse and 6 allegations of sexual harassment against the facility. The sexual harassment allegations were investigated and found to be name calling incidents. Residents were re-trained in PREA and their behavior was re-directed.

- (a) The facility provides residents with access to outside victim support services related to sexual abuse through and MOU with the Rape Crisis Center, MOU with the Child Advocacy Center and a phone number to contact the Rape Crisis Center at any time. The RAPE Crisis Center provides the facility with toll free number residents can use to talk to outside victim support advocates. These advocates are trained by the national Rape Crisis Center. This number is prominently posted throughout the facility. Residents can ask a staff

member at any time to make the phone call and they will be provided with a confidential space to talk to their advocate. There are no residents who are being held solely for immigration purposes. Residents may call to speak with advocates confidentially. This is explained to residents during the intake process and more in depth during PREA orientation. This is also discussed in the resident handbook.

- (b) The facility has a MOU for advocate services with the Rape Crisis Center to provide advocate services. The facility also has a MOU with the Baldwin County Child Advocacy Center who provides therapist to victims of sexual assault. Residents are also assigned a therapist upon their intake to the facility and they meet with them regularly.
- (d) Residents may contact their attorney if needed. However most residents no longer have an attorney when they arrive to the program. Staff will place phone calls to attorneys if residents request. They are provided legal access to their attorney and probation officers. Residents are provided access to their legal guardians through weekly phone calls, letters home, visits and home passes depending on their level in the program.

Pathway Baldwin County LLC has had 6 allegations of sexual harassment. These allegations were investigated and found to be incidents of name callings. Residents were retrained in PREA and behavior re-directions. There have been no allegations of sexual abuse or sexual assault at the facility.

- (a) During staff interviews it was evident to the auditor that they were well versed in the duties of a first responder. Staff understood their first step in responding to a sexual assault is to separate the alleged victim from the alleged abuser. Staff understood the importance of preserving the crime scene and described the procedures for locking the door or roping off the areas allowing no one other than law enforcement to enter the scene. Staff also described what steps they would take to secure the evidence that may be located on the victim and alleged perpetrator (do not allow the resident to use the restroom, brush their teeth, bathe, change clothes, or eat or drink). They also detailed to me the steps they would take to get the victim immediate medical attention and the location they would go to for treatment.
- (b) Interviews with staff members who were not identified as security staff indicated they understood their responsibility to ensure the alleged victim and alleged abuser do not destroy possible evidence and notify the security staff of the incident immediately.

Pathway Baldwin County LLC has had 6 allegations of sexual harassment. Investigations revealed these allegations were focused on name. Residents received PREA retraining and behavior redirection. There have been no allegations of sexual abuse or sexual assault at the facility.

- (a) All allegations of sexual abuse and sexual harassment are turned over to the Baldwin County Sheriff's Office. The facility conducts an administrative investigation to ensure policy and procedure was followed and that staff actions or failure to act contributed to the abuse.
- (b) The Baldwin County Sheriff's Department has detectives trained to work with juveniles who have alleged to be the victims of sexual abuse. These officers are assigned to the Baldwin County Child Advocacy Center. They will determine the relevance of all allegations.
- (c) Evidentiary standards in their investigations will be set by law enforcement policy at the Baldwin County Sheriff's Department. It is facility policy to provide the Baldwin County Sheriff's Department with all relevant reports, video evidence and access to the alleged victim, alleged abuser and witnesses.
- (d) Facility policy dictates that the investigation does not terminate due to the recant of the alleged victim.
- (e) The agency does not interfere with the criminal investigation and will not conduct interviews that may be detrimental to the criminal case.
- (f) Facility policy does not base the credibility of a victim on his/her status as a resident or staff member. No resident will be polygraphed to determine truthfulness as an investigative tool.
- (g) The facility conducts an administrative investigation to ensure policy and procedure was followed and that staff actions or failure to act contributed to the abuse. This is documented and maintained by the director.

- (h) All criminal investigations are conducted by the Baldwin County Sheriff's Department. They will document their investigation based on their policy and procedure.
- (i) If criminal behavior is found it will be prosecuted. This decision will be made by the Baldwin County Sheriff's Department and Baldwin County District Attorney's office.
- (j) The facility retains all written reports on the resident abuser and staff member for more than 5 years. Any staff member who engages in sexual abuse will be terminated.
- (k) Departure of the alleged victim or alleged perpetrator will not terminate the investigation.
- (l) Not applicable
- (m) The facility will work with the Baldwin County Sheriff's Department to remain informed of what is going on in the investigation to the best of their ability.
